EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Tony Gayoso on May 10, 2006.

The application has been amended as follows:

Claims 18, 19, and 20 have been cancelled.

The following is an examiner's statement of reasons for allowance:

Prior art fails to teach the use of a support frame that includes at least one elongated longitudinal channel formed in each of at least three external surfaces thereof, thereby providing an area of attachment via a fastening device to any portion along the channel of the support frame, each of said elongated longitudinal channels including a pair of legs to partially enclose a portion of said channels for receiving said fastening devices. While prior art does disclose a longitudinal channel wherein legs are formed in two longitudinal channels, that partially enclose a portion of the channels (see

Tozer '561, Figure 1), there is no suggestion for these legs to be included on a third side of the elongated longitudinal channel, as this would be destroying the inventive feature of the reference that allows the channel to be used in two separate functions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lindsay M. Maguire whose telephone number is 571-272-6039. The examiner can normally be reached on M-F: 7-4.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Chilcot can be reached on (571) 272-6777. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
